Subject: A Motion to Advance Draft Strategic Goals to the Council Session scheduled for February 3rd, 2025.				Staff: CM Department: Administration	
Business Session				Order On Agenda:	

Is this item state mandated? Yes ☐ No ☒

If yes, please cite the state house bill or order that necessitated this action:

NA

Recommendation:

A potential motion could be formatted like this: “I move that the draft council goals list be moved to the next city council session to form the basis of a resolution.”

Executive Summary:

It has been just over two years since the council has reviewed and updated its council goals and staff have received a request from the honorable mayor to re-initiate the process once again.

The CM proposed via email to follow a similar methodology to that used last time.

The agreed process has the following steps:

1. This is occurring as part of an official work session, using the new Owl meeting device with minutes and recording.
2. Councilors will email me with suggestions for new council goals ahead of the meeting.
3. Goals that are extremely similar (with just wording differences) will be blended together.
4. The list will be deliberated in the session to see if any gain no traction.
5. In the session we will review the old and new goals and objectives.
6. The deliberations will lead to a motion that would move the finished list back to the next regular council session for adoption.

This meeting comprises step 1, and steps 2 and 3 have already occurred prior to January 25th 2025.

After deliberations are complete today, council will complete steps 4 through 6 ending with a motion to send the package back to a regular council session for public review and possible further debate.

Fiscal Impact:

There is no way to easily assess the fiscal impact of our new council goals. With that said periodically taking stock of the city's objectives is a fiscally prudent thing to do.

Council Goals:

Are currently under re-design by this process so staff will refrain from leaning into this line topic.
